To Our Customers:

American Producers Supply Co. is committed to being your single source for all of your industrial and contractor supplies, tools, rigging and safety gear. We are constantly expanding our inventory and adding manufacturer partners whose products we can then offer to meet your needs. In the past several months we have added Honda Power Equipment, Husqvarna Construction Products, and made Stihl available at two additional locations.

In this quarter's mini-catalog, you'll find many new items. We are now able to provide rubber electrical safety gloves, available to order as needed because of their limited shelf life. You'll also see new products from Enerpac and the Crosby Group, as well as super deals on levels and squares from Irwin Tools.

If what you need, however, isn't already available in our 70,000 square foot central distribution facility located in Marietta, or in one of our six branch locations, then we will order it for you. In many cases products can be custom manufactured for special situations. And American Producers is able to manufacture at our own facility custom wire rope and chain slings, with certification. Items that you use on a regular basis we will add to our stock, ready to deliver as you need them.

Speaking of delivery, we send shipments daily from our central distribution facility to all of our branches. Customer deliveries go out from each location on a regular schedule, with special deliveries made as required, so you always have what you need when you need it.

American Producers Supply is a member of the Evergreen Supply Network, a group of industrial and construction distributors serving the United States and Canada that provides you with:

- leading products
- competitive prices
- cutting edge product and application knowledge
- superior customer service
- highly trained sales professionals

Evergreen looks for leaders in each market or product category and then helps them work together to provide industrial buyers and contractors with a higher level of service and support.

In this booklet look for the Evergreen logo signifying manufacturers who are Evergreen preferred suppliers.

Odd size doors faster!

AHD General Purpose Access Door

for All Surface Types

The AHD is designed for a quick and easy installation on non-rated vertical and horizontal surfaces made of drywall or any other type of material. Its rounded mitered corners, concealed pin hinge and 3/8" return all around the door make it the sturdiest door on the market. The AHD prevents sagging, as compared to flat door panels, and requires fewer locks.

Material: 16 gauge cold rolled steel
Hinge: Hidden pin hinge
Lock / latch: Screwdriver operated cam latch
Finish: DuPont® high quality grey powder coat

Item No.	Size	Price
AHD1616	16 in. x 16 in.	$ 37.20
AHD1818	18 in. x 18 in.	40.60
AHD2424	24 in. x 24 in.	60.00
AHD2436	24 in. x 36 in.	108.60

Quantity discounts available

CTR Access Door with Hidden Flange

for All Surface Types

A labor saving alternative to doors with drywall flanges. "No need to mud or plaster."

The CTR is the newest generation of all purpose access doors. Easy to install, it will blend in better than any other door on all non-rated surfaces. Its special European type hinge allows the door, with its beveled edges, to close over the flange thus avoiding the additional labor to mud or plaster over the flange.

Material: 16 gauge cold rolled steel
Hinge: Concealed, exclusive hinge design
Lock / latch: Screwdriver operated cam latch
Finish: DuPont® high quality grey powder coat

Item No.	Size	Price
CTR1616	16 in. x 16 in.	$ 40.20
CTR1818	18 in. x 18 in.	43.80
CTR2424	24 in. x 24 in.	64.80

Milwaukee

Nothing but HEAVY DUTY.

$100 INSTANT TRADE-IN REWARD

Now through March 31, 2012

Any tool 14.4V or higher. Any condition, working or non-working.

- $100 discount will be given at time of sale.
- Only Pro Competitor brand cordless tools qualify for trade-in (14.4V or greater). Qualifying competitive brands are DeWalt, Makita, Bosch, Hitachi, and Panasonic.
- Eligible Milwaukee products for trade-in are Ni-Cad and V18™ kits.
- Excludes trade-in of work lights, radios and chargers.
- Trade-in products must include (1) or more tools and (2) or more batteries per trade-in.
- Limit (1) trade-in per tool purchased.
- Offer valid February 1 through March 31, 2012.
- This offer may not be combined with any other discount or promotion.

Trade In a Qualified Tool Kit and Get $100 Off the Purchase of One of These M18™ Products.

Husqvarna

Husqvarna K3000 Wet Power Cutter

#968378401

A powerful, versatile electric cutter with wet cutting kit. Perfect for indoor cutting jobs with minimal dust and slurry. Unlike other electric cutters, the blade rotates forward and downward, cutting into the material efficiently and with a minimum of effort from the user. The K3000 Wet also has Elgard™ that warns of an approaching overload. Now improved with a spray guard and a bladeguard lighter than its predecessor.

Soff-Cut® 150 Ultra Early Entry™ Concrete Saw

#966844805

The Ultra Early Entry™ concrete cutting system is used to prevent random cracking.

The Soff-Cut® 150 saw is designed for residential and light commercial applications. The lightest gas saw in the Soff-Cut® range, the 150 is designed for ease of use and convenience. Features include a patented low noise blade enclosure which allows the unit to be used in residential areas with minimal disruption. In addition, the low-dust blade block system allows the saw to cut dry, and it controls the debris for easy cleanup.

$2,195.00

Soff-Cut® Diamond Blades for Ultra Early Entry™ Saws

Husqvarna has a range of specially designed Soff-Cut® diamond blades for early entry sawing. The blades provide highly efficient, stable and convenient operation in trap-rock, chert, quartz and limestone concrete. A patented anti-ravel skid plate comes with every blade. This allows for same-day sawing without chipping and spalling.

Excel 4000 Series Orange

Recommended for medium aggregate, medium abrasive sand (quartz).

ENERPAC

ULTIMA™ Steel Hand Pumps

NEW!

Easier to Use

Handle effort is reduced by up to 20 percent in the ULTIMA pumps without compromising performance. With the new *Power Push* handle grip and linkage design, felt loads are further reduced.

Safer to Operate

The ULTIMA series is equipped with various safety features, including a reservoir over pressurization system and a wider footprint for greater stability.

Stays on the Job Longer

ULTIMA steel hand pumps are constructed for superior durability and longevity. The tie rod design allows it to be effortlessly disassembled for maintenance or servicing.

Pump Type	Usable Oil Capacity	Model No.	Pressure Rating (psi)		Oil Displacement per Stroke (in³)		Max. Handle Effort	Weight

3M™ Cubitron™II Roloc™ Durable Edge Disc 984F

When you're using a disc sander, you're relying on the edge of your abrasive disc to grind, blend and finish. If you've been frustrated by edge failures, make the switch to Cubitron™ II Roloc™ 984F. Its durable edge backing—combined with 3M precision-shaped grain —make this one tough disc that lasts longer and performs stronger.

- Features a durable edge backing for extended edge retention.
- Precision-shaped grain and grinding aid allow discs to run cooler.
- Precision-shaped grain self-sharpens for consistent and continuous cutting power with less pressure.
- Quality 3M™ Roloc™ buttons for an easy on/off attachment that stays in place.
- For grinding, blending, finishing and deburring applications on virtually all metal types.

Available in:

- 1.5", 2" 3" and 4"
- Grade 36+, 60+ and 80+
- Type TR and TSM

Item #	Diameter	Grade		Qty/Box	Price
27702	3" x NH	36	Type TR	50	$1.39
27710	3" x NH	60	Type TR	50	$1.39

3M™ Cubitron™ II Abrasive Belts

Cubitron™ II Abrasive Belts have raised the bar for grinding performance and productivity—thanks to 3M precision-shaped ceramic grain technology.

- Average up to 30% faster cutting on hard-to-grind metals than the next-best competitive belt
- Cuts cooler—diverts heat from the workpiece and belt to the swarf
- Helps eliminate burnishing and heat stress
- Lasts up to 4 times as long as conventional ceramic aluminum oxide belts

Available in 3 Grades: 36+, 60+, and 80+

In a wide range of sizes from 1/4"x24" to 37"x75"

3M™ Protective Coverall 4510

- Constructed of quality laminated microporous material
- Helps provide basic protection against certain light liquid splashes and hazardous dusts
- Elasticized waist, ankles and wrists

3M™ Accuspray™ System

The equivalent of having a brand new primer spray gun at a fraction of the cost.

The innovative replaceable atomizing head allows for the following benefits:

Reduces Primer Consumption
- Minimizes overspray

Boosts Productivity
- Lowers primer spraying time
- Decreases primer sanding time
- Reduces clean-up

Maximizes Benefits of the 3M™ PPS™ System
- Reduces gun cleaning time
- Uses less solvent for clean up
- Decreases hazardous disposal cost
- Improves productivity and profitability

Spray Gun Model #HG09 - 1HVLP Primer Gun and 3 Nozzles (#16570)
$129.00

Atomizing Head Refill Kit (#16611)
Contains 4 atomizing heads.

3M™ Polyurethane Sealant 540

3M™ Polyurethane Adhesive Sealants are one component, moisture curing products which form permanently elastic bonds.

Bonds to a wide variety of materials including plastics, FRP, SMC, aluminum, steel, coated metal, and wood.

- Excellent Sealer
- Paintable
- Smoke and Flame Rated, 90 minute skin time
- In black, white, or gray, 12 per case

10 oz. Cartridge
$4.79 each

3M™ Polyurethane Adhesive Sealant 550 FC

3M™ Polyurethane Adhesive Sealant 550 FC is a fast curing polyurethane. It provides excellent adhesion to concrete, wood, aluminum, most lacquered metals, polyester, glass, and stone. Used extensively in the marine and specialty vehicle markets, it performs both above and below the water line in marine applications.

#62791, White, 10 oz. cartridge, 12 per case
#62799, Gray, 10 oz. cartridge, 12 per case

Your Choice
$4.59 each

3M™ Hybrid Sealant 740

3M™ Hybrid Sealant 740 is a single component elastomeric sealant curing without isocyanides. This hybrid technology is paintable when wet and will not degrade when exposed to UV.

Used for sealing different materials such as concrete, wood, aluminum, most lacquered metals, polyester, glass, stone, ceramic, etc

- Excellent Cosmetic Sealant
- Excellent UV Resistance
- Low VOC, 50 minute skin time
- In black, white or gray, 12 per case

$10.99

3M™ Hybrid Adhesive Sealant 760

3M™ Hybrid Adhesive Sealant 760 is a single component, high strength, elastomeric sealant. This hybrid technology is paintable when wet and will not degrade when exposed to UV.

Used for bonding and sealing different materials such as concrete, wood, aluminum, most lacquered metals, polyester, glass, stone, ceramic, etc.

- Excellent Adhesion
- Above/Below Waterline Use
- Low VOC, 30 minute skin time
- In black, white or gray, 12 per case

10 oz. Cartridge $9.99

THE SPRAYON SYSTEM

Sprayon's new packaging helps your workforce understand how to use each product with three (3) simple characteristics:

1. Product names that clearly communicate to the user what the product is and its intended application.
2. Specific product categories identified through color-coding and the use of descriptive category prefixes.
3. The use of iconography and pictographs to communicate key product attributes in a clear, concise and effective manner. The icons communicate such attributes as temperature range, load bearing capacity (for lubricants), flammability, dielectric strength, metals content, and many more.

Zinc Rich Galvanizing Compound

#S00740, 14 oz.

Stops rust on steel or galvanized coatings. Prevents rust creepage when the area is penetrated or scratched.

$4.69

Silver Galvanizing Compound

#S00739, 14 oz.

Inhibits rust and corrosion to ferrous metals. This metallic coating has the bright finish of hot-dip galvanized coating.

$4.49

Dry Weld Spatter Protectant

#S00941, 15.5 oz.

A powder formula that drys to a white film. Prevents spatter from sticking to metal surfaces during welding.

$3.49

Heavy Duty Citrus Degreaser

#S00757, 16 oz.

- Biodegradable, non-toxic
- No chlorinated solvents

$6.19

CM HOISTS

Long Handle Lever Puller

The CM 640 Long Handle Puller features a heavy-duty design for pulling, lifting, dragging, and stretching construction and industrial applications.

- Tough aluminum alloy construction and powder coat finish
- Weatherproof for outdoor service
- Weatherized Weston-type automatic braking system for positive load control
- Easy, one-hand operation and control
- Forged upper and lower hooks with latches standard
- Free wheeling for fast and easy attachment to load
- Lifetime warranty
- Made in the U.S.A.

Item #	Capacity	Lift	Headroom	Price
4043	3/4 ton	5 ft.	10-3/4 in.	$255.75
4045	1-1/2 ton	5 ft.	14-1/4 in.	397.13
4047	3 ton	5 ft.	16-15/16 in.	514.13

Cyclone Hand Chain Hoist

The CM Cyclone Hand Chain Hoist features superior engineering, efficiency, and durability and is considered one of the most popular hand chain hoists ever designed.

- Standard Load Limiter for simple, automatic overload protection
- Enclosed contoured Weston-type automatic brake for positive load control
- High-efficiency spur gearing for greater lift with minimum effort
- Rugged Hoistaloy chain for added strength and durability
- Fully machined, forged liftwheel pockets for easier lifting and smooth free chaining
- High-strength aluminum alloy castings in frame and covers
- Lifetime warranty
- Made in the U.S.A.

1 Ton Capacity, 10' Lift

Load Hugger® Cargo Control

Series 1,000 Ratchet Assembly

#6A103

- 1-inch wide polyester webbing
- PE Coated "S" hook
- Ultimate strength: 2,100 lbs.
- Working load limit: 700 lbs.
- 15-foot length

$8.95

Series 10,000 Ratchet Assembly

#26422

- 2-inch wide polyester webbing
- U-hook
- Ultimate strength: 10,000 lbs.
- Working load limit: 3,300 lbs.
- 27-foot length

$21.95

the Crosby group inc.

Light Champion Snatch Blocks

- Forged alloy heat treated hooks.
- Forged steel swivel tees, yokes and shackles.
- Can be furnished with bronze bushings or roller bearings.
- Opening feature permits insertion of rope while block is suspended from gin-pole.
- 4-1/2" and larger are RFID EQUIPPED.
- Meets or exceeds all requirements of ASME B30.26 including identification, ductility, design factor, proof load and temperature requirements. Importantly, these blocks meet other critical performance requirements including fatigue life, impact properties and material traceability, not addressed by ASME B30.26.

* Ultimate Load is 5 times Working Load Limit. Proof Load is 2 times Working Load Limit.

Crosby CLAMP-CO

The new Crosby Clamp-Co Adjustable Pipe Grab provides an excellent means of handling cylindrical objects. Featuring padded grabs, the new Grab offers an excellent method of handling any pipe or solid bar, 3.5" to 36" (88.9 mm to 914 mm), especially where damage to material surface is not permitted.

- Capacities: 1,200 lbs. to 20,000 lbs. (544 kg. to 9,072 kg.)
- Each Grab size accommodates several diameters of pipe or solid bar.
- Auto indexing system provides quick connect and disconnect to load (one person hands free).
- Individually Proof Tested to 2 times the Working Load Limit with certification.
- Designed to handle loads of various types of material, including cast iron, steel, PVC, painted, and epoxy coated.
- Finish - Red Paint
- Replacement pads are available.
- Features Crosby shackle as upper connection point.
- Custom sizes are available.
- All sizes are RFID EQUIPPED.

"B'LASTER"

Penetrating Oil

#16PB, 11 oz.

PB B'laster acts as a powerful, concentrated catalyst to release the surface tension of frozen parts. Then it converts into a nonevaporating lubricant to protect against further rust and corrosion. Penetrates fast into hard-to-reach cavities to free stubborn, rusted, or immobilized parts.

147-SK-2	Orange Class 2 Kit	14"	124.99

FLEXIBILITY, STRENGTH AND DURABILITY.

Rubber insulating gloves have always been one of the most important components of PPE for electrical and industrial workers. The recent updates and changes in ASTM D120 and NFPA70E have brought this product segment into the spotlight. NOVAX® products exceed all requirements of ASTM D120, insuring compliance with OSHA regulations and satisfying NFPA70E requirements for protection against electrical shock hazards.

The natural rubber construction offers excellent dielectric properties combined with flexibility, strength and durability. Other features include a contoured shape which reduces hand fatigue and a rolled cuff for increased durability during donning and doffing.
